

# LEGO ROBOTICS DAY CAMP

## Parent/Guardian Evaluation

1. What would you like us to know about your daughter's experience at LEGO Robotics Camp?  
(use back of paper if necessary)

\_\_\_\_\_

2. From the feedback you might have received, do you think she learned  
\_\_\_\_\_ a lot \_\_\_\_\_ a little \_\_\_\_\_ not much  
about the basic elements of mechanical engineering, programming and teamwork?

3. Before answering the next questions please refer to the attached flyer about the FIRST Lego League program and tournament.

Please check one:

\_\_\_\_\_ YES, My daughter and I want her to be on a FIRST Lego League team this fall when school starts.

\_\_\_\_\_ NO, I don't think she would be interested in being on a team at this time.

IF YES--- \_\_\_\_\_ She has already been assigned to a team ready to start in the fall.

\_\_\_\_\_ We need help finding a team for her to be on.

4. If your daughter is already set to be on a team, do you know if there are any openings?

\_\_\_\_\_ NO \_\_\_\_\_ YES (Who is the coach /phone \_\_\_\_\_)

5. FIRST Lego League teams can only exist if there are adults willing to be coaches or technical mentors. The Oregon Robotics Tournament and Outreach program offers free training workshops to help adults learn how to help a team of young, eager engineers.

**Would you (or the child's other parent/guardian) be willing to be a.....**

\_\_\_\_\_ Coach - Someone who arranges the meeting time and place, deals with the paperwork, gives encouragement, keeps parents informed. Coaches do not have to have technical skills.

\_\_\_\_\_ Technical Mentor - Someone who is available to a team to teach them the basics and answer their technical questions as they solve the challenge. A technical mentor should not solve the challenge for the team, build any part of the robot or create programs to solve the actual challenge. Technical Mentors act as a teacher of skills and mentors the team's solution of the challenge. TM's do not have to be available for every meeting.
